

SMAO CHANNEL 11

The Safety and Mission Assurance Office provides a 24-hour viewing channel, which broadcasts videos on Safety topics. There are information boards, which run at all times advising employees, as to what and when will be broadcast. The following is the current schedule of viewing times for the safety videos:

8:00 a.m.

10:00 a.m.

1:00 p.m.

4:00 p.m.

7:00 p.m.

10:00 p.m.

The videos are a great way to have a safety meeting for your organization and with multiple viewing times, these videos are excellent for all shifts.

Comments concerning this service should be directed to Roger Johnston, extension 43208.
