Injury/Mishap Information

- The Center has been **50** days **without** a Civil Servant or Contractor **Lost Time Injury. (Record 50 days)**

- **First Aid**

- An Impact Services employee sustained abrasions and contusions to the left elbow and both knees after tripping over the door sill. The employee was running while entering the building.
- An OLM employee sustained a chin laceration and left hand abrasion while exiting a facility. The employee was distracted and stumbled on the pavement and fell.
- A Lockheed Martin employee sustained a wrenched shoulder and back while plugging in a power strip. An electrical arc occurred, causing the employee to jerk backwards. After immediate inspection by an electrician, no defects or signs of arcing were found in the outlet and plug.

Safety Tip - Make sure you know where the nearest fire pull station is located within your facility and remember to dial **911** from any Center telephone or **864-2222** from a cellular phone to request emergency response assistance.
